

# Quick Find Grid Laptop Docking Stations

Expand the display, peripheral and USB fast-charge capabilities of your laptop. Our range of docking stations offers different ports, styles, and bus connections to your laptop.

## Specialty

Merging unique features with cutting-edge technology and high-quality hardware, our Specialty family of laptop docking stations caters to specialized needs. Creative, engineering, IT, and more will find great productivity solutions here.

## Professional

You can easily turn your laptop into a full-size workstation using our Professional family of laptop docking stations. You can create a high-performance workstation that's perfectly suited to your environment or application.

## Essential

Compact, cost-effective, and perfect for hot desks, our Essential family of laptop docking stations feature a small footprint and all the vital ports you need to get work done. They're ideal for workspaces that are used by different employees or guests throughout the day.

## Travel

Lightweight for maximum portability, our Travel family of laptop docking stations and adapters makes work easier for the mobile professional. They offer ports that are missing from modern laptops, in a travel-friendly housing that tucks nicely into your mobile bag.

## Specialty

Host Type	Displays	Video Output	4K	USB Ports	Audio/Microphone	Style	Features	Part Number
