About USB 3.0 and USB 3.1 Gen 1
USB 3.0 is also known as USB 3.1 Gen 1. This connectivity standard offers speeds up to 5Gbps. Any mention of USB 3.0 in this manual or on the StarTech.com website for HB30C5A2CST refers to the 5Gbps USB 3.1 Gen 1 standard.

About the USB hub ports
The Fast-Charge USB-A port is compliant with USB Battery Charging Specification Revision 1.2 (BC1.2), which means that you can use the port to charge a device faster than you can using a standard USB port.

When using the universal power adapter to power the USB hub, the USB Fast-Charge port can charge a connected device even if the USB hub isn't connected to a computer. When the USB hub is connected to a computer, the Battery Charge 1.2 compatible USB-A port functions as a Charging Downstream Port (CDP), which has simultaneous charge and USB 3.0 sync capabilities.

The four remaining USB-A ports and the two USB-C ports are standard USB 3.0 throughput ports. When the USB hub is connected to a host laptop, these ports provide a standard USB 3.0 power output to power or charge your devices. The USB-C ports do not support USB Power Delivery or DP Alt Mode.

Connecting the USB hub
1. Connect the 1m USB cable to the USB-B host port on the USB 3.0 hub and to a USB-C port on your computer.
2. Connect the power adapter to the Power adapter port on the USB 3.0 hub and to a power source.
3. Use the Power switch to turn on the hub.
4. Connect your USB peripherals to the USB 3.0 (Type-A) or USB-C ports on the hub.
5. Optional: To charge a USB device, connect the USB device to the hub's Fast-Charge USB-A port.

When you connect the hub to your computer, the required drivers are installed automatically.

Manual Revision: 01/30/2018
About the LED indicators

The USB hub features a Port activity LED for each of the USB ports.

FCC Compliance Statement

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation. Changes or modifications not expressly approved by StarTech.com could void the user's authority to operate the equipment.

WEEE Statement

The European Union has established regulations for the collection and recycling of all waste electrical and electronic equipment (WEEE). Implementation of WEEE regulations may vary slightly by individual EU member states. Please check with your local and state government guidelines for safe disposal and recycling or contact your national WEEE recycling agency for more information.

Industry Canada Statement

This Class B digital apparatus complies with Canadian ICES-003. Cet appareil numérique de la classe [B] est conforme à la norme NMB-003 du Canada. CAN ICES-3 (B)/NMB-3(B)

Technical Support

StarTech.com's lifetime technical support is an integral part of our commitment to provide industry-leading solutions. If you ever need help with your product, visit www.startech.com/support and access our comprehensive selection of online tools, documentation, and downloads. Warranty Information

This product is backed by a two-year warranty. StarTech.com warrants its products against defects in materials and workmanship for the periods noted, following the initial date of purchase. During this period, the products may be returned for repair, or replacement with equivalent products at our discretion. The warranty covers parts and labor costs only. StarTech.com does not warrant its products from defects or damages arising from misuse, abuse, alteration, or normal wear and tear.

Limitation of Liability

In no event shall the liability of StarTech.com Ltd. and StarTech.com USA LLP (or their officers, directors, employees or agents) for any damages (whether direct or indirect, special, punitive, incidental, consequential, or otherwise), loss of profits, loss of business, or any pecuniary loss, arising out of or related to the use of the product exceed the actual price paid for the product. Some states do not allow the exclusion or limitation of incidental or consequential damages. If such laws apply, the limitations or exclusions contained in this statement may not apply to you.

Use of Trademarks, Registered Trademarks, and other Protected Names and Symbols

This manual may make reference to trademarks, registered trademarks, and other protected names and/or symbols of third-party companies not related in any way to StarTech.com. Where they occur these references are for illustrative purposes only and do not represent an endorsement of a product or service by StarTech.com, or an endorsement of the product(s) to which this manual applies by the third-party company in question. Regardless of any direct acknowledgement elsewhere in the body of this document, StarTech.com hereby acknowledges that all trademarks, registered trademarks, service marks, and other protected names and/or symbols contained in this manual and related documents are the property of their respective holders.
