FCC Compliance Statement

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

Reorient or relocate the receiving antenna.

Increase the separation between the equipment and receiver.

Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.

Consult the dealer or an experienced radio/TV technician for help.

Use of Trademarks, Registered Trademarks, and other Protected Names and Symbols

This manual may make reference to trademarks, registered trademarks, and other protected names and/or symbols of third-party companies not related in any way to StarTech.com. Where they occur these references are for illustrative purposes only and do not represent an endorsement of a product or service by StarTech.com, or an endorsement of the product(s) to which this manual applies by the third-party company in question. Regardless of any direct acknowledgement elsewhere in the body of this document, StarTech.com hereby acknowledges that all trademarks, registered trademarks, service marks, and other protected names and/or symbols contained in this manual and related documents are the property of their respective holders.

Introduction

Thank you for purchasing a StarTech.com 4 port USB 2.0 ExpressCard. This product allows you to add four USB 2.0 compliant ports to a host computer, using an available ExpressCard slot, and is backward compatible with the USB 1.1 specification, for use with older USB peripherals.

Easily installed, this device offers combined USB data transfer rates of up to 480 Mbps, ensuring a strong connection with MP3 players, digital cameras, external CD/DVD-ROM drives and much more.

Features

- Combined data transfer rate of up to 480 Mbps

- Backward compatible with USB version 1.1

- Easy plug-and-play installation

- ExpressCard (34mm) Standard compliant

Before You Begin

System Requirements

- A computer with an available ExpressCard slot (Please see Accessory Products from StarTech. com if you wish to use this ExpressCard with a desktop computer)

- Microsoft® Windows® XP(32/64-bit)/ Server 2003(32/64-bit)/ Vista(32/64-bit)/ Server 2008 R2/ 7(32/64-bit), Apple® Mac OS® X and up

Package Contents

This package should contain:

- 1 x USB ExpressCard

- 1 x Instruction Manual

Installation

Caution: It is advisable to remove all possible static discharge potential from any objects that the ExpressCard may come in contact with before installation. This can be accomplished by touching a grounded metal object, prior to insertion.

1. Insert the ExpressCard into an available ExpressCard / 54 or 34mm slot. Since this card is hot-pluggable, this can be performed while the computer is on or off. Once the card has been inserted, ensure the computer is powered, to proceed with installation.

2. Windows will detect that the card has been inserted, and will automatically install the necessary software. Various message balloons will appear in the taskbar, indicating the status of the installation:

Windows XP

Safely removing the ExpressCard

Please note that in Windows XP and 2000, when the ExpressCard is connected to the host computer, an icon (depicted below) will appear in the taskbar (normally the bottom right-hand corner of the screen, near the clock). To ensure safe removal of the ExpressCard, please click on this icon, select Stop, click OK and then Close, after which you can safely remove the ExpressCard from the host computer.

Technical Support

StarTech.com's lifetime technical support is an integral part of our commitment to provide industry-leading solutions. If you ever need help with your product, visit www.startech.com/support and access our comprehensive selection of online tools, documentation, and downloads.

Warranty Information

This product is backed by a lifetime warranty.

In addition, StarTech.com warrants its products against defects in materials and workmanship for the periods noted, following the initial date of purchase. During this period, the products may be returned for repair, or replacement with equivalent products at our discretion. The warranty covers parts and labor costs only. StarTech.com does not warrant its products from defects or damages arising from misuse, abuse, alteration, or normal wear and tear.

Limitation of Liability

In no event shall the liability of StarTech.com Ltd. and StarTech.com USA LLP (or their officers, directors, employees or agents) for any damages (whether direct or indirect, special, punitive, incidental, consequential, or otherwise), loss of profits, loss of business, or any pecuniary loss, arising out of or related to the use of the product exceed the actual price paid for the product. Some states do not allow the exclusion or limitation of incidental or consequential damages. If such laws apply, the limitations or exclusions contained in this statement may not apply to you.
