Packaging contents

- 1 x mobile charge-and-sync diagnostic kit
- 1 x 8 in. Micro-USB cable
- 1 x instruction manual

Introduction

The USBAUBSCHM enables users to fast-charge their mobile devices, while also providing an LED display that shows the current and voltage. The USBAUBSCHM can also be used as a tool for troubleshooting or diagnosing problems encountered while charging devices.

Product diagram

Charge a device

Note: The adapter is designed to support devices running iOS or Android™ devices. Performance can't be guaranteed if you use a device running a different type of OS.

1. Connect one end of the provided Micro-USB cable to the Micro-USB port on the adapter, and the other end of the cable to a power source.
2. Connect one end of a Micro-USB cable to the USB 2.0 port on the adapter, and the other end to the device that you would like to charge.

Note: If you're charging an Apple device, you need to use a USB to Lightning cable or USB to Apple 30-pin dock connector cable.

3. Do one of the following:
 - If you're charging an Apple device, move the **Charge** switch on the adapter to **I**.
 - If you're charging a Samsung® or Android device, move the **Charge** switch on the adapter to **S**.

Sync your data

1. Connect one end of the provided Micro-USB cable to the Micro-USB port on the adapter, and the other end of the cable to a computer.
2. Connect one end of a Micro-USB cable to the USB 2.0 port on the adapter, and the other end to the device that you would like to charge.
3. Move the **Charge** switch on the adapter to **D**.

Note: Your device can also be charged while you sync your data, but it will charge at a slower rate.

*actual product may vary from photos

Select a meter mode

The LCD display on the adapter displays the current reading in either voltage or current, depending on the mode that you selected. **Auto** mode alternates between showing the voltage (voltage) and current (amps) charging details.

- To change the meter mode that is displayed on the adapter, press the **Mode** button on the top of your adapter.

An LED indicator lights up next to the mode that you selected. If you have set **Auto** mode, the LED indicator switches between the LED indicator for **Voltage** mode and **Current** mode.

About sleep mode

To save energy, the LED display enters sleep mode after eight minutes. A change in the charging current will cause the LED display to become active again.

FCC Compliance Statement

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation. Changes or modifications not expressly approved by StarTech.com could void the user's authority to operate the equipment.

Use of Trademarks, Registered Trademarks, and other Protected Names and Symbols

This manual may make reference to trademarks, registered trademarks, and other protected names and/or symbols of third-party companies not related in any way to StarTech.com. Where they occur these references are for illustrative purposes only and do not represent an endorsement of a product or service by StarTech.com, or an endorsement of the product(s) to which this manual applies by the third-party company in question. Regardless of any direct acknowledgement elsewhere in the body of this document, StarTech.com hereby acknowledges that all trademarks, registered trademarks, service marks, and other protected names and/or symbols contained in this manual and related documents are the property of their respective holders.

Technical Support

StarTech.com's lifetime technical support is an integral part of our commitment to provide industry-leading solutions. If you ever need help with your product, visit www.startech.com/support and access our comprehensive selection of online tools, documentation, and downloads.

Warranty Information

This product is backed by a two-year warranty.

StarTech.com warrants its products against defects in materials and workmanship for the periods noted, following the initial date of purchase. During this period, the products may be returned for repair, or replacement with equivalent products at our discretion. The warranty covers parts and labor costs only. StarTech.com does not warrant its products from defects or damages arising from misuse, abuse, alteration, or normal wear and tear.

Limitation of Liability

In no event shall the liability of StarTech.com Ltd. and StarTech.com USA LLP (or their officers, directors, employees or agents) for any damages (whether direct or indirect, special, punitive, incidental, consequential, or otherwise), loss of profits, loss of business, or any pecuniary loss, arising out of or related to the use of the product exceed the actual price paid for the product. Some states do not allow the exclusion or limitation of incidental or consequential damages. If such laws apply, the limitations or exclusions contained in this statement may not apply to you.
